I wish to make application in the Traffic Safety Education Program which is to be offered at Ferndale High School. I understand the driving time is scheduled by the instructor.

I am willing to give the necessary time in order to fulfill the requirements of the accredited course as prescribed by the State Department of Public Instruction.

It is understood that it is necessary I pay a fee of \$70.00 (or \$35.00 for those students who qualify for the free and reduced meal program). This fee is nonrefundable after the third day of class. It is also understood that I must be fifteen (15) years of age by the beginning of the current semester in which I am enrolled in order to qualify for the program. It is further understood that I MUST have my instructional permit BEFORE the first traffic lesson.

## **Traffic Safety Education**

Ferndale High School will be offering a Driver Education Program during the 1994-95 school year. Although this program will be run outside the school day, the district will continue to run a quality program with quality instruction.

As in the past, we will run a three-phase program consisting of classroom instruction, simulation and on-street driving. Any student who would like to take Driver Education in the fall and who is fifteen (15) years of age by the first day of school, should sign up during early registration in August. In the event that more students sign up than space is available, priority of enrollment will be determined by age.

If you have any questions or concerns about the Traffic Safety Program, please contact Mr. Randall at 384-9211 or 733-1093.
